EDUCATION

University of Wisconsin-Madison · Madison, WI | May 2022
Bachelor of Science, double major in Computer Engineering and Computer Science | GPA: 3.45/4.0
Certificate in French

EXPERIENCE

Collins Aerospace, **Software Engineer I** · Remote | Aug 2022 - Present
- Maintain a .NET web application by identifying and resolving issues and bugs
- Implement upgrades and improvements to .NET 6 from the legacy web application
- Collaborate with team members to achieve efficient delivery of updates to the app through Agile

Collins Aerospace, **Software Engineering Intern** · Remote | May 2021 - Aug 2021
- Developed a web app to help customers optimize their workflow using Flask framework, HTML, and CSS
- Wrote and edited automated tests with Robot framework to quickly and efficiently check code
- Used Agile, Scrum, and Kanban for our software development process along with Git and Bitbucket for handling code and collaboration

Collins Aerospace, **Software Engineering Intern** · Remote | May 2020 - Aug 2020
- Generated a more streamlined user experience of a widely used .NET web application through enhancing the design and functionality of **20+** pages
- Refined the web app to be more responsive to various web browser environments with HTML and CSS
- Swiftly delivered updates to the web application through Git and Azure DevOps

Medtronic, Software Engineering Intern · Mounds View, MN | May 2019 - Aug 2019
- Achieved rapid delivery using Agile methodology to develop and design a .NET web application that effectively handles communication across **2000+** string files
- Revamped the web application's features to allow for seamless user interactions using jQuery/AJAX requests for threaded comments
- Boosted efficiency of a translations localization process by reducing the process time by upwards of **40%**

SKILLS

Languages: C, C#, HTML/CSS, JavaScript, Python, Assembly, Verilog, MATLAB
Tools/Technologies: Agile, .NET Core, .NET Framework, Git, React

ACTIVITIES

Society of Women Engineers (SWE)
- Engaged in events for professional development, networking, and connecting with women in STEM

Women in Computing (WACM)
- Connected with women in the CS community through networking, workshops, and the mentor program

Club Ultimate Frisbee · Officer, 2019 - 2020
- Coordinated and devised **2+** team workouts each week while balancing a full academic course load
